### III. PROGRESS: FOR ALL LEARNING OUTCOMES

1. How will the results be shared and evidence used to make decisions? Was it shared with faculty (full time and adjunct) and students?

2. How have previous years' findings been used to improve learning, courses and program in relation to this outcome? Specify.

- *Refer to previous years' assessment reports/responses for this section.*
- *Did you find any notable performance difference this year?*
- *Based on your evaluation, what improvements (if any) will the program initiate in the coming academic year?*
