Once the Registrar’s Office reviews your program evaluation for accuracy, the disclaimer will be removed. Here is an example of the disclaimers that may display for incoming freshmen as well as current students.

GENERAL INFORMATION [RG 1130]

Student Responsibility: It is the responsibility of each graduating student to refer to the Program Evaluation to check which requirements have been completed and which requirements still need to be completed. A student may not shift this responsibility to an advisor or to the staff of the Office of the University Registrar.

Please note that course lists may have more than ten courses. To view a course list in full, please click the "View All" option where available.

Repeats for in progress courses are not processed until final grades are submitted and repeat rules applied. Credit totals and requirement statuses are subject to change.

Requirement status of "Satisfied" includes in progress courses. The report assumes the minimum passing grade will be earned and counts the course while in progress as meeting the requirement.

*****INCOMING FRESHMAN DISCLAIMER [RQ 1907]**

The requirements for the 2015-2016 catalog are still being written and reviewed for the purposes for the program evaluation. 2012 Fall

GENERAL INFORMATION [RG 1130]

Student Responsibility: It is the responsibility of each graduating student to refer to the Program Evaluation to check which requirements have been completed and which requirements still need to be completed. A student may not shift this responsibility to an advisor or to the staff of the Office of the University Registrar.

Please note that course lists may have more than ten courses. To view a course list in full, please click the "View All" option where available.

Repeats for in progress courses are not processed until final grades are submitted and repeat rules applied. Credit totals and requirement statuses are subject to change.

Requirement status of "Satisfied" includes in progress courses. The report assumes the minimum passing grade will be earned and counts the course while in progress as meeting the requirement.

***CURRENT STUDENT DISCLAIMER [RQ 1908]

***Please note that program evaluations for students are currently under review. Your program evaluation may not directly reflect the previous WebAdvisor version. The Office of the University Registrar is currently reviewing all program evaluations for accuracy, adding any waivers, substitutions, or revisions that were previously approved for your program.
