

Department of Institutional Compliance presents

WHY COMPLIANCE MATTERS

Compliance Week 2021

The short answer is:

Because it encourages us all to maintain a high ethical standard!

Our Department of Institutional Compliance works to maintain a safe working environment & protect Chapman's resources and reputation.

With your help, we can work together to make compliance a daily practice, one that works for our community.

Why Compliance Week?

Compliance works best when everyone believes in maintaining a high ethical standard. We set up Compliance Week so you can learn about how you can help!
