

Chapman University Patent and Copyright Agreement

I understand that, consistent with applicable laws and regulations, Chapman University is governed in the handling of intellectual property by its official policies titled “Policy Applicable to Inventions and Patents” and “Policy Applicable to Copyrightable Works”. Pursuant to these policies, I agree as follows:

1. I will abide by the Policy Applicable to Inventions and Patents and the Policy Applicable to Copyrightable Works, including any amendments to them adopted from time to time, and I will execute any assignments or other documents necessary to comply with their terms.
2. I will disclose to Chapman all potentially patentable inventions conceived or first reduced to practice in whole or in part in the course of my University responsibilities or with more than incidental use of University resources. I hereby assign to Chapman all my right, title and interest in such patentable inventions and will execute and deliver all documents and do any and all things necessary and proper on my part to effect such assignment.
3. The Policy Applicable to Copyrightable Works provides that ownership of copyright shall remain with the author unless the work is: (a) commissioned by the University, (b) an institutional work, (c) makes exceptional, non-ordinary use of University resources or personnel, or (d) is otherwise subject to contractual obligations. I hereby assign to Chapman all my right, title and interest, including associated copyright, in and to the above copyrightable materials.
4. I do not have any consulting or other agreement with any third person or organization that conflicts with this agreement, nor will I knowingly enter into any such agreement.
