(1) Previously, the state did not require pre-student teaching hours to be documented. Moving forward, we have created documentation to document these hours.

(2) at least 150 hours in a diverse school setting where the curriculum aligns with California's adopted content standards and frameworks and the school reflects the diversity of California's student population.

(?) A Clinical Practice is a developmental and sequential set of activities integrated with theoretical and pedagogical coursework, and must consist of a minimum of 600 hours of clinical practice across the arc of the program. The range of Clinical Practice

(3) The minimal amount of program supervision involving formal evaluation of each candidate must be 4 times per quarter or 6 times per semester. The minimum amount of district-employed supervisors' support and guidance must be 5 hours per week. Clinical

(4) The opportunity for the candidate to gain supervised experience in the understanding and use of a variety of school resources, including: data and information systems on student learning and achievement; career development materials; information on

(5) A planning document for field experience is prepared and agreed upon by the field supervisor(s) and program faculty serving as fieldwork course instructors. The plan includes the competencies candidates are expected to develop, the experiences used to
