Student Conduct Code

Chapman University has standards of behavior that apply to all students and student organizations associated with the University. These standards are set forth as policies in this Student Conduct Code (“the Code”). The Code establishes a system to ensure a fair process to people who believe that the behavior standards have been violated, as well as to students and organizations that have allegedly violated the Code. These established standards, which are upheld through an educational disciplinary process, support the University’s academic mission.

The Code also governs community conduct in order to protect and promote the University community’s pursuit of its educational goals. The purpose of an educational disciplinary process is to maintain a safe, healthy, and educational community for all students, staff, and faculty.

Expression, civility, and freedom of speech are especially important values within an academic community and Chapman’s desire to offer a personalized education. Thus, all topics are appropriate for discussion and debate within the framework of academic inquiry and self-expression. Students and student organizations are free to examine and discuss all questions of interest to them, and to express opinions publicly and privately. They are always free to support causes by orderly means that do not disrupt the regular and essential operation of the institution. At the same time, it is clear to the academic and the larger community that students or student organizations speak only for themselves.

As an institution of higher learning, Chapman strives to maintain an environment in which its students, employees, and guests feel challenged and supported. As a diverse population, we must be able to live, work and learn in a climate of tolerance, civility and respect for the rights, property and sensibilities of others.

Definition of Terms

- A. **Alternative resolution** – At the request of an involved party, and with the agreement of the other parties, some conduct reported under this policy may be addressed by alternative resolution. Conduct Authority

The Vice President for Student Affairs/Dean of Students and designated staff shall develop policies for the administration of the Code and procedural rules for the adjudication of student conduct cases.

Decisions made by a conduct body may be considered a final result, even though an appeal process may be pending.

In exceptional circumstances, the Vice President and Dean of Students may modify the normal structure of the University conduct process based on the particular needs of a pending case.

Jurisdiction of University and Conduct Regulations

Chapman University shall have jurisdiction over student behavior that is prohibited by this Code that occurs on University premises, at University-sponsored events, or other off-campus locations if it interferes with educational programs or activities or adversely affects the University community and/or the pursuit of its objectives as determined by University officials. If an incident of behavior that is prohibited by this Code occurs off campus is determined to fall under the jurisdiction of the University, it will be handled according to the policies and procedures of the Code.

Students are responsible for their own conduct from the time of application for admission through the actual awarding of the degree, even though conduct may occur on or off-campus, before classes begin or after classes end, as well as during the academic year and during breaks between terms of actual enrollment (even if the conduct is not discovered until after a degree is awarded). The University has continuing jurisdiction over students charged with violating the Code who withdraw from the University while conduct proceedings are still active or pending with regard to that student.

Students are required to engage in responsible social conduct that reflects positively on Chapman University. Students are required to model good citizenship in any community.

Organizations, clubs, teams, club sports, committees, or similar organized student groups, whether recognized or unrecognized by the University, are subject to standards of conduct as set forth in this Code, similar to those for individual students in the University community. Student groups should be fully cognizant that they may be held accountable through the University's conduct process for their behavior and the behavior of the members representing them. They should be fully aware of the University policies, including but not limited to the Student Conduct Code and all related policies of Chapman University. Violations of the Student Conduct Code, whether on or off campus, will be addressed. Group members who violate University policies, including the Student Conduct Code may be held individually and jointly responsible, along with their respective student groups. Members and/or groups who knowingly condone, encourage, or require behavior that violates University policies, including the Student Conduct Code may also be held responsible.

Factors that help determine whether a program, activity, function, social gathering or a student organization event is within the University's jurisdiction include, but are not limited to:

- a. The nature of the event.
- b. Number and nature of guests invited to the event.

- c. Advertising (verbal, and/or written, or on social media) was created and distributed.
- d. The event was announced in a group meeting.
- e. The event is listed in the minutes of a group meeting.
- f. Money from the group was contributed in any way.
- g. Group member(s) collected funds and contributed them in any way.
- h. Group officer(s) and/or advisor(s) involvement in planning, promoting, and/or financing the event.
- i. Group and/or individual members donated item(s) in any way.
- j. A group's activity could be perceived as an event sponsored by said group.

It is important to note that, while group events may not necessarily be considered as official Chapman University functions, such events may still be reported as having violated the Code. If found to be responsible, sanctions may be applied to the group, or any member thereof. If a group is in doubt as to whether a program, activity, function, or social gathering may be considered an event, members are encouraged to contact Student Affairs.

Additionally, Chapman University adopted a Sunshine Policy, as other universities have done, to increase the transparency and bring to light concerning and unsafe behaviors in the Chapman University community by group conduct or activities. Organizations that are found to be responsible for hazing or other kinds of harmful behavior as defined by the Code may have its actions made public. When a fraternity or sorority is found responsible for a violation of the Code, that information will be shared in the [Chapman University Greek Life scorecards](#). A summary of the incidents, charges, and ultimate findings may be posted on the University website. Fraternities, sororities, and other groups that self-disclose harmful behaviors to University officials and eliminate these practices from their programs will have that taken into consideration during the Student Conduct process.

The University reserves the right to address offensive conduct and/or harassment that 1) does not rise to the level stated above, or 2) that is of a generic nature and not based on a protected status. Violations of Law and University Conduct

It is the student’s right to report an incident to appropriate law enforcement agencies and/or University officials. The University reserves the right to contact law enforcement agencies for any violation(s) of local, state, or federal law(s). Specific violations of the law in which local authorities may be involved include, but are not limited to, those that are related to drugs, alcohol, assault and battery, sexual

assault, dating violence, domestic violence, stalking, trespassing, weapons/explosives, hazardous materials, and possession of false identification. Except for mandatory reporting required by law, in incidents of sexual assault or battery, no identifying information will be provided to law enforcement if the victim wishes to remain anonymous.

If a student is charged with an off-campus violation of federal, state or local laws, conduct charges and proceedings may still be instituted and sanctions imposed for misconduct that involves members of the University community or demonstrates flagrant disregard for the safety of the University community.

University conduct proceedings may be instituted against a student charged with violation of a law in connection with conduct that is also a violation of the Code or [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#), such as when both violations may result from the same factual situation, without regard to the pending status of civil litigation in court or criminal arrest and prosecution. Proceedings under the Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. Proceedings under [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#) will be carried out first. Any factual determinations from external proceedings or the Student Sexual Misconduct process shall be used when proceeding under the Student Conduct Code and shall eliminate the fact-finding steps of the Code. Determinations under the Code shall not be subject to change because criminal or civil charges arising out of the same facts were dismissed, reduced, or resolved in favor or against the criminal law defendant.

When a student is charged by federal, state or local authorities with a violation of law, the University will not request or agree to special consideration in the criminal proceeding for that individual because of the individual's status as a student. If the alleged offense is also the subject of a proceeding before a conduct body under the Code or [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#), however, the University may advise off-campus authorities of the existence of the Code or [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#) and of how matters will be handled internally within the University community. The University will cooperate as fully as is legally possible with law enforcement and other agencies in the enforcement of criminal law on campus within the Family Educational Rights and Privacy Act (FERPA) or any other appropriate federal or state guidelines (See Appendix 2: FERPA) and on the conditions imposed by criminal courts for the rehabilitation of student violators. In addition, the University is required to comply with a court order or lawfully issued subpoena in connection with any criminal or civil matter.

Student Conduct Code Procedures

Conduct Correspondence

All conduct letters will be sent through electronic transmission using the University-provided email address (username@chapman.edu). The delivery of the electronic transmission to a student's Chapman email addresses will serve as verification that notice has been given. It is the student's responsibility to regularly check their assigned Chapman email account.

Interim Suspension

In certain circumstances, the Vice President for Student Affairs/Dean of Students or designee may impose a University or residence hall interim suspension prior to a hearing before a conduct body. Interim suspensions for allegations of conduct that fall under [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#) shall be handled in accordance with that policy.

Interim suspension may be imposed under this Code when any of the following conditions exist:

- a. When the safety and well-being of the University community or University property is threatened or at risk.
- b. If the student or student group poses a definite threat of disruption of or interference with the normal operations of the University.

During the interim suspension, students may be denied access to residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible. The University may refuse to release official transcripts until the matter is resolved through a conduct hearing.

A Notice of Interim Suspension will be sent and immediately followed by the initiation of an investigative process.

A student who is suspended for an interim period will be provided an opportunity to respond to the imposition of an interim suspension at a meeting with the Vice President for Student Affairs/Dean of Students or designee no later than 5 business days following the effective date of the Interim Suspension.

The Interim Suspension may remain in effect or be reduced to a restriction until a final decision has been made on the pending allegations or until the Vice President for Student Affairs/Dean of Students or designee determines that the reasons for imposing the interim action no longer exist.

Interim Suspension does not replace the hearing process, which shall proceed on the ordinary schedules as described in the Code.

Reports and Charges for Incidents Not Covered by the Student Policy on Sexual Harassment Prohibited by Title IX and/or the Policy Prohibiting Discrimination and Harassment

Any concerned party may report an alleged violation of the Code by a student or student group. For more information regarding filing a report, contact the Vice President for Student Affairs/Dean of Students Office, Public Safety Office, or Residence Life and First Year Experience. While all are encouraged to make a report, only students as defined by this Code and the University shall have standing as a party in any process under the Student Conduct Code. Reports will be directed to the Vice President for Student Affairs/Dean of Students or designee for review.

Aside from highly exceptional circumstances, any report should be submitted as soon as possible after the alleged violation(s) takes place, but not to exceed 6 months following discovery of the incident. Exceptions include:

- Potential hazing incidents
- Potential academic integrity incidents
- Alleged sexual misconduct that falls outside the jurisdiction of [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#)
- Any other behavior that may pose a serious threat to any member of the University community

The Vice President for Student Affairs/Dean of Students or the Vice President's designee may conduct a preliminary investigation to determine if the allegations of misconduct have merit, and/or request additional information to support the allegations. If the allegations are deemed to be without merit, such determination shall be final and there shall be no subsequent proceedings. If the allegations are deemed to have merit, the Vice President for Student Affairs/Dean of Students or designee will refer the case to the appropriate conduct body to hear the matter, resolve through a community conversation, or dispose of the matter administratively by mutual consent of the parties.

Respondents and complainants (when applicable) will be notified of the policies alleged to have been violated and any resulting hearing proceedings at least 3 business days prior to the hearing (or a shorter time by mutual consent).

Students will receive notification of charges, instructions for scheduling a hearing (which should be scheduled by the deadline indicated in the notification letter), or a scheduled hearing date and time. If the student is requested to schedule the hearing and has not scheduled a hearing in a timely manner, the University shall schedule the hearing and advise the student of its occurrence. In this situation, a request to reschedule will be at the discretion of the conduct officer.

In the event of documented extenuating circumstances, a student may request to reschedule a hearing. This request must be made no later than 2 business days prior to the originally scheduled hearing and is at the discretion of the conduct officer.

Preferred time limits for scheduling of hearings may be extended at the discretion of the Vice President for Student Affairs/Dean of Students or designee. Exceptions to this time frame include holidays, semester breaks, final exam periods, and summers, in which case the hearing will be held by the Vice President for Student Affairs/Dean of Students or designee, or the hearing will be conducted as soon as a conduct body can be convened.

The University will provide the respondent or complainant the report(s) that pertain to the charges of the particular case. The names of other individuals involved in the incident may be redacted in order to protect their privacy. A respondent or complainant may request to review an unredacted version of the report in person under the supervision of the Vice President for Student Affairs/Dean of Students or designee. Any other information presented (e.g. pictures, videos, voice recordings, etc.) may be reviewed in person and under the supervision of a conduct officer or designee.

Should either party believe that additional materials and/or information that is under the control of the University is necessary to prepare for the hearing, the party may contact the conduct officer or Director of Student Conduct to request that the University seek such information/materials. Requests for information and materials will be reviewed by the conduct officer or Director of Student Conduct and may be denied if unfairly prejudicial or not probative of the disputed facts or to the determination of the case. Should such documents or information be provided, they shall be provided to both parties. Such requests must be made at least 2 business days prior to the hearing.

Should the respondent or complainant desire that a witness participate in the hearing, a request must be made in writing to the conduct officer or Director of Student Conduct at least 2 business days prior to the hearing. The request will be reviewed by the conduct officer or the Director of Student Conduct and may be denied if unfairly prejudicial or not probative of the disputed facts or to the determination of the case.

At no point may conduct proceedings or meetings be recorded by any party other than the conduct officer(s) other than with written permission from the Vice President/Dean of Students or designee.

Related witness statements and any other pertinent items shall be made available to the respondent and complainant for review at least 1 business day prior to the hearing date (when applicable).

If a respondent and/or a complainant has concerns about a conduct officer's ability to render a fair, impartial, and objective decision, a request for the removal of that conduct officer must be made in writing to the Director of Student Conduct or Vice President for Student Affairs and submitted at least 2 business days prior to the hearing. The request must explain the basis for the belief that the conduct officer should be removed. It shall be up to the Vice President/Dean of Students or designee to determine whether the conduct officer in question can render a fair, impartial and objective decision. Should a conduct officer be removed, another hearing officer shall take the place of the removed conduct officer.

Reports and Charges for Incidents Related to the Student Policy on Sexual Harassment Prohibited by Title IX and/or the Policy Prohibiting Discrimination and Harassment

Please see [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#). Conduct that does not fall under the jurisdiction of that policy may be adjudicated as a separate Code violation.

Community Conversations and Hearings or Incidents Not Covered by the Student Policy on Sexual Harassment Prohibited by Title IX and/or the Policy Prohibiting Discrimination and Harassment

Community Conversations

Community conversations shall be conducted by a conduct officer according to the following guidelines:

- Community conversations shall be conducted in private.
- Students have the opportunity to accept responsibility for violation(s) of the Student Conduct Code in a Community Conversation. If both the student and the conduct officer agree on the violation(s), the student may opt to waive their right to a formal hearing and elect to discuss appropriate sanctions in the Community Conversation.
- All sanctioning determinations will consider the finding(s) of responsibility and a student's cumulative conduct history.
- In the event that the conduct officer and student do not agree on the outcome (either responsibility for violations or sanctions) or the student does not appear for a community conversation, the incident will be forwarded for a conduct hearing.
- Should new charges surface as a result of, or during, a Community Conversation, and no additional investigation is needed, the charges may be verbally introduced and discussed during the current Community Conversation.

Hearings

Hearings shall be conducted by a conduct officer according to the following guidelines:

- Hearings shall be conducted in private.
- Admission of any person to the hearing shall be at the discretion of the conduct officer.
- In hearings involving more than one respondent, the presiding officer or conduct officer(s), at their discretion, may permit the hearings concerning each student to be conducted together with the consent of all relevant parties.
- The complainant and the respondent may each be accompanied by one support person at the hearing, as previously defined in this Code.
- The complainant and/or the respondent each are responsible for speaking on their own behalf. Support persons may not participate directly in the hearing other than quiet communication with the student they are accompanying. This communication must not interfere with the conduct process. Failure to comply will result in the removal of the support person. During a hearing, the complainant and/or the respondent may request brief recesses to consult with their support persons. These requests may be granted at the discretion of the conduct officer/hearing board but will not be granted in excess such that it unreasonably impacts the hearing process.
- Except as provided in this section, the presence or participation of attorneys at hearings or otherwise in the process is not permitted, as the conduct proceeding is not meant to function as a court of law. An exception may be made only where the respondent has been charged with a crime arising out of the same operative facts as the charge under the Code and the criminal charges are presently pending.
- Where an attorney is permitted, the attorney must conform to the same requirements as applied to a support person.
- With reasonable written notification to the conduct body (2 business days prior to the hearing), the complainant and the respondent shall have the opportunity of presenting witness statements, provided the statements contain information directly related to the incident in question. If witnesses are permitted or requested by the conduct officer(s) to attend a hearing, the other party shall have the opportunity to submit suggested questions for the witness(es) to the conduct officer(s). The conduct officer(s) retains the authority to determine which questions will be helpful in deliberation, and may exclude questions that are not helpful, including but not limited to questions that are unfairly prejudicial, repetitive, confusing, compound, argumentative, misleading, or not probative of the disputed facts or to the determination of the case.
- Any pertinent materials and written statements must be submitted for consideration to the conduct body at least 2 business days prior to the hearing.
- All procedural questions are subject to the final decision of the conduct officer in consultation with the Vice President for Student Affairs or designee (when applicable).
- After the hearing, the conduct body or conduct officer(s) shall excuse all parties, engage in deliberation, and determine (by consensus, or if necessary, by majority vote) which portion(s) of the Code, if any, the respondent has violated.
- The conduct officer's determination shall be made based on whether it is more likely than not that the respondent violated the Code.
- The conduct officer(s) shall make determinations regarding the respondent's responsibility for violations of the Code based solely upon material presented at the hearing. All sanctioning determinations will consider the finding(s) of responsibility and a student's cumulative conduct history.

- Should new charges surface as a result of, or during, a conduct process, and no additional investigation is needed, the charges may be verbally introduced and heard during the current hearing.
- Hearings shall ordinarily be recorded (the deliberation phase is exempt) although written notes may serve as a substitute. This record shall be the property of the University. Student respondents or complainants at the hearing are free to take their own notes, but they may not use a recording device. Hearing records are confidential.
- Formal rules of process, procedure and/or technical rules of evidence, such as applied in criminal or civil court, are not used in Code proceedings.

Note: Students charged with violations of the Code during Study Abroad, Interterm or other travel courses will be notified of the charges and have the opportunity to respond to those charges, as well as the opportunity to appeal the outcome of their cases. However, the condensed duration of these courses and the limited availability of on-site administrators may necessitate a modified conduct process in some situations.

No student may be found to have violated the Code solely because the student failed to appear at a hearing. However, failure to appear, without obtaining prior approval due to documented extenuating circumstances, will result in the student's loss of their opportunity to appeal the outcome of the conduct proceeding.

If a student does not appear for a hearing, the material relevant to the charges shall be presented and considered without the student's participation.

A student's (or group's) cumulative community conversations, deferred incidents, and conduct history will not be considered by the conduct body until the sanctioning phase of the deliberations.

The conduct officer may accommodate the concerns for personal safety, well-being, and/or fear of confrontation by the respondent, complainant and/or other witness by permitting participation by telephone, videoconference, closed circuit television, videotape, audio, written statement or other means, as determined in the sole judgment of the Vice President for Student Affairs or designee.

Hearings for Incidents Related to Sexual Misconduct

Please see [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#). Conduct that does not fall under the jurisdiction of that policy may be adjudicated as a separate Code violation consistent with the University's obligations under the 2013 VAWA Amendments to the Clery Act.

Hearings Outcomes for Violations of this Code

Responsibility

A student or group charged with any violation(s) of the Code will be found either Not Responsible or Responsible for each individual charge. Students with conduct history are required to receive Dean of Students clearance to participate in all study abroad or travel courses. This clearance is coordinated through the Center for Global Education.

In each case in which a conduct body determines that a student or student group has not violated the Code, a record of the finding will be kept on file with the Vice President for Student Affairs/Dean of Students Office. However, the outcome of Not Responsible will not impact the student or student group's standing within the University and no sanctions shall be imposed.

Found Responsible – In each case in which a conduct body determines that a student or student group has violated the Code and is therefore found Responsible, appropriate sanction(s) shall be determined and imposed by that conduct body. The conduct body shall advise the respondent in writing of its determination and of the sanction(s) imposed.

Cumulative Conduct

A student's or student group's prior conduct history will be considered during sanctioning. Multiple violations of the Code during a student's or group's tenure at the University may result in increasingly severe sanctions.

Conduct Status Sanctions

The following conduct statuses may be imposed upon any student or group found responsible for violating the Code:

- a. Deferral – This outcome signifies that the University has determined to hold a specified finding of responsibility and any resulting sanctions in abeyance if there are no future violations. If another violation occurs, the deferred sanctions may be reviewed and imposed. If sanctions are deferred, it will not appear in a student's reported disciplinary record if there are no other violations after the deferred incident.
- b. Formal Warning – This is a written reprimand to the student stating that the student has violated the Code and that any future violation(s) may result in more serious sanctions.
- c. Conduct Review – An official reprimand stating that the student's conduct is in violation of the Code and behavioral expectations, but is not sufficiently serious to warrant probation, loss of privileges, suspension, or expulsion. Students on conduct review shall have their conduct record under review for a specified period. This sanction may require regular meetings with an appropriate official to ascertain and evaluate compliance with student conduct expectations. Additional restrictions or conditions may also be imposed depending on the nature and seriousness of the misconduct. If there is a finding of responsibility for subsequent violations of policies, rules or expectations during this period, more severe sanctions will be administered.
- d. Probation – This reprimand is in effect for a specified period and includes the probability of more severe sanctions for any future violation(s) of the Code during the probationary period. The sanction states that any further violations of the Code or other University policies will result in immediate removal from housing. Notification may also be sent to parents of dependent students, student organization advisors, athletic coaches, and other appropriate personnel at the discretion of the Vice President for Student Affairs/Dean of Students or designee.
- e. Probation with Loss of Privileges – This reprimand is a serious form of probation affecting the status of a student and organizations. This status is in effect for a specified period and may make the student ineligible to hold leadership or employment positions (e.g., Student Government, Residence Life and First Year Experience student staff, University Ambassador, Athletics participation, organization involvement, recruitment, and other social functions). The status may also affect a student's ability to study abroad and participate in other off-campus programs. A further violation may result in deferred suspension, suspension, or expulsion from the University.

- f. **Deferred Suspension** – This reprimand is a serious form of probation affecting the non-academic status of a student or organization. The student is being assigned a status sanction of suspension, but the suspension will not be put into place provided that the student does not violate any additional policies within the specified timeframe. Also, the student must satisfactorily complete any assigned educational sanctions by their specified deadlines. If the student is found responsible for violations of the Student Conduct Code or other University policies during the time period of deferred suspension, the student may be suspended. The length of the suspension assigned at that time will be dependent on the student’s cumulative conduct history. If the student takes time away from the University during the student’s deferred suspension period, the time period of the deferred suspension will stop accruing while the student is away, and it will resume on the first day of instruction following the student’s re-enrollment. The status of Deferred Suspension may include notification to parents of dependent students, student organization advisors, athletic coaches, and other appropriate personnel at the discretion of the Vice President for Student Affairs/Dean of Students or designee.
- g. **Suspension** – Separation of the student or organization from the University or University-owned housing for a specified period, after which the student or organization is eligible to return. Conditions for return will be specified. Notification of suspension may include notification to parents of dependent students, advisors, faculty, athletic coaches and other appropriate personnel at the discretion of the Vice President for Student Affairs/Dean of Students. Students may be held responsible for meeting their financial obligations to the University and may not visit the University while under suspension.
- h. **Expulsion** – Permanent surrender of all rights and privileges as a student or student group and of membership in the University community and exclusion from the campus, from any University property and from all University functions. Notification of expulsion may include notification to parents of dependent students, advisors, faculty, athletic coaches and other appropriate personnel at the discretion of the Vice President for Student Affairs/Dean of Students. Expelled students may be held responsible for meeting their financial obligations to the University. Expulsion will be noted on the student’s transcript.
- i. **Revoking of Admission/Degree** – Degree and admission to the University may be revoked for fraud, misrepresentation, or violation of University standards required for admission to the University or in obtaining the degree, or for other serious violations committed by a student prior to graduation.
- j. **Withholding Degree** – the University may withhold awarding a degree otherwise earned until the completion of the process set forth in the Code, including the completion of all sanctions imposed.

Educational/Other Sanctions

Intended to encourage the students to examine their behaviors and to develop new approaches to membership in the university community. A student may be assigned more than one sanction for a single violation.

Fulfilling sanctions is essential and students are expected to complete them in a thoughtful and timely manner according to the deadlines prescribed in the hearing outcome letter. Students must follow all academic integrity guidelines imposed by the University when fulfilling sanctions.

Failure to satisfactorily complete or comply with all sanctions as prescribed:

1. May result in a Dean’s Hold placed on the student’s accounts/records. Students will not be able to conduct any official university business while on this hold.

Thus, students will not be able to register, add classes or request transcripts, and the current registration may be voided.

2. May also result in further sanctions, including suspension, until such time as full compliance of sanctions is obtained.
3. May result in additional sanctions or extended status sanctions.

Within the confines of FERPA, all sanctions/agreements may be used by the institution in its effort to further educate community members.

The following are examples of educational and other sanctions:

- Academic sanctions – revocation of degree, holding transcripts, removal from classroom/courses
- Fines – financial sanctions charged to student accounts
- Meeting with University official – meeting(s) or conversation(s) with a University employee to discuss violations and future behavior
- Notification – informing relevant parties (coaches, parents/guardians, campus employers, faculty, national/executive offices, etc.)
- Loss of privileges
- Loss of visitation privileges in University-owned housing
- Reflective assignments – apology letters, creative reflective projects, written responses to posed questions
- Research assignments – academically oriented projects, papers, or other assignments meant to encourage the research and understanding of a specific topic
- Restitution – compensation for loss, damage, or injury (may take the form of appropriate service and/or monetary or material replacement) to the University, students or third parties
- Workshops – decision-making skills workshops, anger management, alcohol and drug education
- Loss of recognition for student organizations – loss of all privileges, including University recognition, for a specified time
- Suspension of the organization – as a recognized University entity
- Other sanctions as defined by the Vice President for Student Affairs/Dean of Students or designee

Notification and Confidentiality

The following procedures apply to notification and confidentiality regarding outcomes of conduct proceedings:

- Parents and Guardians – In accordance with FERPA, parents/guardians may be notified when students who are under the age of 21 are found responsible for any drug and/or alcohol related violations.
- Financial Aid– As required by federal law, drug violations may be reported to the Office of Financial Aid, which may have repercussions on future federal aid eligibility.
- Student Groups – The right of privacy of student groups is not protected by FERPA (See Appendix 2). However, the Vice President for Student Affairs/Dean of Students has the discretion to determine when a student group's privacy should be protected.

- Complainants– At the discretion of the Vice President for Student Affairs/Dean of Students, complainants may be notified of the outcome of the hearing, including sanctions, in accordance with FERPA (See Appendix 2). In instances of violence or sexual assault, dating violence, domestic violence or stalking that fall outside the procedures of [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#), the complainant will be notified of the hearing outcome, sanctions, and information about the filing and outcome of any appeals.
- University Affiliates – At the discretion of the Vice President for Student Affairs/Dean of Students, student organization advisors, athletic coaches, student employment supervisors, and other appropriate individuals may be notified of the outcome of the hearing.
- Public – The University may also disclose the final results of a conduct proceeding to the public, if the respondent’s alleged behavior is a crime of violence or a non-forcible sex offense and the respondent has been found responsible for violations of the Code and/or other relevant University policies.

Other

On their own action and without pending appeal, the Vice President for Student Affairs/Dean of Students retains the authority to override a decision made by a conduct officer or Board in instances when, in the Vice President for Student Affairs/Dean of Students’ judgment, the Code was misapplied or there are insufficient facts or evidence on which to base the Hearing Board’s or Officer’s finding(s). All appropriate parties will be notified of such a change.

Appeals for Incidents Adjudicated Under this Code

Appeals are not intended to be full re-hearings of the allegation except in rare cases where a procedural error was prejudicial to the outcome of the hearing or may have prevented the hearing from being conducted fairly in light of the charges. Appeals decisions are to be deferential to the original hearing body, making changes to the finding where there is clear error and to the sanction only if there is a compelling justification to do so.

A complainant may not request an appeal of a decision made by a conduct body or conduct officer except in instances of violence. For cases involving dating violence, domestic violence, stalking and sexual assault that are not within the jurisdiction of [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#), equal opportunity to appeal shall be available to the complainant and respondent.

A request for appeal must be submitted in writing within 5 business days of the decision dated by the conduct officer (date listed on the hearing outcome letter), unless otherwise approved by the Vice President and Dean of Students or designee. The request for appeal must clearly demonstrate the grounds for appeal, and not exceed 5 double-spaced pages in length with 12-pt. font. All appeal requests, regardless of the hearing body, should be submitted to the Assistant Dean of Students or as otherwise instructed in the hearing outcome letter.

Appeals Criteria

A respondent, whether an individual student or student organization, may request an appeal of a hearing outcome. Appeals are not granted automatically. A request for appeal must be well-reasoned, substantive, and demonstrative of at least one of the following criteria:

- a. That there was a substantive procedural error that was prejudicial to the outcome of the hearing or may have prohibited the hearing from being conducted fairly in light of the charges.
- b. For a case in which the respondent was found responsible, that the facts in the case were insufficient to establish that a violation of the Code occurred. Alternatively, for a case in which the respondent was not found responsible, that the facts in the case were sufficient to establish that a violation of the Code did occur.
- c. The sanction(s) imposed was not appropriate for the violation of the Code for which the student was found to be responsible.
- d. New evidence that was not available at the time of the hearing has become available and is potentially sufficient to alter a decision.

Appeal Considerations

Each student has one opportunity to appeal the outcome of a hearing.

For situations in which the Vice President for Student Affairs/Dean of Students serves as the conduct officer, an appeal body or person will be appointed by the University Provost.

The Vice President for Student Affairs/Dean of Students or designee has the discretion to submit a request for appeal if deemed necessary.

Upon receipt of the request for appeal, the request will be reviewed by the Appeal Body to determine if the appeal has merit. A request for appeal must be limited to review of the documentation associated with the initial hearing, supporting documents and statements made during the hearing. If none of the criteria for appeal is determined to have been met, the Appeal Body shall sustain the decision of the respective conduct body. If, however, any of the conditions is found to exist, the Appeal Body may grant the full appeal or grant only a circumscribed portion of the appeal, either with or without meeting with the relevant party(ies).

Depending on which criteria the Appeal Body determines have been met in granting all or part of an appeal, the Appeal Body may elect either to leave unaltered any of the findings of responsibility or sanctions imposed by the original hearing body or to alter the findings of responsibility and/or severity of the sanctions. If new information becomes available that was not available at the time of the hearing, the Appeal Body shall remand the case to the hearing body for consideration of the new information. In the event the Appeal Body finds there was a procedural error or bias, the Appeal Body may take other corrective action to sufficiently remedy the error. In determining whether to modify the outcome of a hearing, the Appeal Body is not bound by any requests made by the appealing party.

In cases when the complainant is granted the opportunity to appeal the complainant will be offered the opportunity to submit a rebuttal statement to the Appeal Body. Response statements must be within 5 pages, double-spaced with 12-pt. font, and must be received 2 business days prior to the hearing or review. The written response statements will be made available to the other party as part of the appeal record.

In cases when a complainant is granted the opportunity to appeal, the complainant will be notified of the outcome of an appeal of the case, in accordance with FERPA (See Appendix 2).

All appeal decisions are final and binding to all parties. Appeal decisions shall be given to the respondent (and complainant, when applicable) in written form.

Appeals for Incidents Related to Sexual Misconduct

Please see [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#). Conduct that does not fall under the jurisdiction of that policy may be adjudicated as a separate Code violation consistent with the University's obligations under the 2013 VAWA Amendments to the Clery Act

Records Retention

A student's conduct history is maintained for seven (7) years beyond the academic year in which the conduct violation occurred. Records may be retained beyond the routine 7-year period in special circumstances, including but not limited to, situations when off-campus legal action may be taken by any parties involved or incidents involving acts of violence, sexual misconduct, or weapons. Student conduct records of students suspended or expelled from the University are maintained indefinitely.

Interpretation and Revision

Any question of interpretation regarding the Code shall be referred to the Vice President for Student Affairs/Dean of Students for final determination.

The Code shall be reviewed as necessary under the direction of the Vice President for Student Affairs/Dean of Students.

This Chapman University Student Conduct Code supersedes any and all previous versions of the Code, identifiable by the date code below, and shall serve as the official reference for all student conduct matters.

Updates to policy are effective immediately upon publication. If a conduct proceeding is in process, the procedure outlined in the version of the Code that was in effect when the hearing notice was sent will apply to the ongoing conduct proceeding. The prohibitions in the Code effective at the time of incident will be applied in the conduct proceeding.

*Chapman University Student Conduct Code was adapted from A Model Student Disciplinary Code, developed by Stoner and Lowery 2004.

Appendix 2: Family Rights and Privacy Act (FERPA)

The University's Annual Notification is continually posted and available on the [University Registrar's website](#).

Appendix 3: Academic Integrity Policy

Principle

Chapman University is a community of scholars that emphasizes the mutual responsibility of all members to seek knowledge honestly and in good faith. Students are responsible for doing their own work, and academic dishonesty of any kind will be subject to sanction by the instructor/administrator and referral to the University's Academic Integrity Committee, which may impose additional sanctions up to and including expulsion.

Please see the full description of [Chapman University's Policies on Academic Integrity](#).

Academic Integrity policies and procedures apply to all Chapman University undergraduate students and graduate students, although graduate programs may have program-specific academic integrity policies. Please check with the specific graduate program for more information. Graduate programs that operate with program-specific academic integrity policies, include but are not limited to:

- Dale E. Fowler School of Law – [School of Law Honor Code](#)
- School of Pharmacy – [Academic Integrity Policy](#)

Appendix 4: Residence Life Policies and Procedures

The purpose of the Residence Life Policies & Community Standards is to provide a safe, inclusive living community and to create learning opportunities that support the holistic growth of each resident. As a member of the Chapman Community, each student is responsible for understanding and abiding by these standards, policies, and procedures. By completing and signing the [Residential Life Agreement](#), and taking occupancy of a residential life room, suite, or apartment, the resident agrees to abide by all of these policies and regulations. Students are expected to engage in responsible and appropriate conduct that reflects the University's mission. This document outlines specific residence life community expectations.

Animals

Animals and pets are prohibited in residence halls and apartments. This includes animals or pets of visitors regardless of length of stay. However, the following exceptions apply:

- Service Animals – Those having a disability that requires a Service Animal as an accommodation are advised to coordinate with Chapman Disability Services to document their service animal, to ensure it is documented that it will be present as an accommodation and is not a prohibited pet.
- Emotional Support Animals – Requests for accommodations for service animals or emotional support animals must be made in advance of the animal arriving on campus by contacting Residence Life and First Year Experience. Until a student receives written approval for their emotional support animal, these animals will be subject to the pet policy expectations set forth in this section and in the Student Conduct Code.
- Aquarium fish in tanks should not exceed 10 gallons. Limit one per residence hall room or apartment.

Disability Services and Residential Life First Year Experience students who require animals on campus are required to abide by the expectations and policies applicable for these animals. Any violations of said policies may result in disciplinary actions, which may include removal of the animal from residential facilities.

Residents may not feed or shelter stray animals. If a pet or stray animal is found in a room, the resident(s) of the room must immediately remove the animal, or the University will take appropriate action to remove and protect the animal.

Balconies, Stairs, and Walkways Safety

Fire regulations require 3' (feet) of clearance to all doors of your apartment. Balconies, sidewalks, stairways and walkways are not to be used as storage areas. Nothing should be left on the stairways, walkways or balconies at any time, including but not limited to clothing, furniture, or garbage in the area around the residence room or apartment.

Chapman Court, Chapman Grand & Davis Apartments

Chapman Grand and Davis residents may have a reasonable amount of patio furniture based on the size of their patio as determined by Residence Life and First Year Experience staff. Only plastic resin or metal furniture designed for outdoor use may be used; wood patio furniture is not allowed. Residents may have no more than three small plants on their balcony area, which may not be hung or placed on the railing. Residents are not to use windows, patios, or balconies as a means of entrance or exit. See also: [Egress and Building Safety policy listed in the Student Conduct Code](#).

Candles, Incense, and Open Flames

Candles are prohibited in all residence halls and apartments. Open flames are only allowed in apartment kitchens. Items that require an open flame to operate (e.g., Bunsen burner, candles, including decorative, oil burners, lighters, matches) are not allowed in any residential facilities. Burning incense and herbs is also prohibited. See Also: [Fire Safety & Equipment](#).

Check-In Procedure

At the time of check-in, each resident is required to sign and complete all check-in paperwork, key information and the Room/Apartment Inventory Form (RIF). It is the responsibility of each resident to verify the information recorded on the RIF and report any necessary additions to the form to the appropriate hall office within 72 hours of check-in. Students who fail to follow the check-in procedure will be fined \$65 for an Improper Check-In. Check-in will be available only during times designated by the Residence Life and First Year Experience staff. Mailbox keys (for Davis and Panther Village residents) and box numbers are assigned to each resident and will be available for pick-up at the time of check-in at the appropriate hall office.

Check-Out Procedure

To officially check out, the student must make an appointment with a Residence Life staff member or go to the appropriate hall office during the office's open hours. During the spring semester, pre-inspections prior to check-out are not required but are available by contacting the building's Resident Director or Area Coordinator. At the time of check-out, the student's check-out paperwork will be provided by the Residence Life staff member. As a part of check-out, students will turn in their mailbox keys (if applicable) and will complete all of the check-out paperwork. Failure to complete the check-out procedures will result in a minimum \$65 Improper Check-Out fine. Students who fail to move out on their scheduled check-out day will be charged per the terms of the RLA.

Following check-out, the Resident Director or Area Coordinator will inspect the housing assignment to ensure that it has been cleaned, is in good condition, and has all the furniture that was present at the time of check-in. (This is done by comparing the condition of the room with the information on the RIF completed at check-in.) The resident will be held financially responsible for any damage and/or missing furniture that is not listed on the RIF.

Assignment Changes

Assignment changes are generally not allowed during the first two weeks of classes during the fall and spring semester or during the month of May. Requests must be approved before a resident can check out of their space.

License Release Request

While students are legally and financially bound to their given housing assignment for the entire period identified on the [Residential Life Agreement](#), some exceptions are made for extenuating circumstances. If a student wishes to leave on-campus housing, they must submit a [License Release Request Form](#), including the supplemental documents described on the form. Please note that the submission of a license release request does not guarantee its approval.

Residents who are released from housing assignments during the year must vacate their assignments in accordance with their written release notification. All residents (except summer residents) who are moving out at the end of the academic year must vacate the residence halls 24 hours after their last final in the spring semester. For specific dates for check-out, contact [Residence Life and First Year Experience](#) at 714-997-6603.

Cooking/Kitchens

Cooking is allowed only in kitchens. Cooking in residence hall rooms or in non-kitchen areas is strictly prohibited. Microwaves other than approved combination microwave/refrigerator units are prohibited in the residence halls. Microwave/refrigerator units must use a single power supply and meet the cubic feet requirement in "Electrical Safety & Appliances."

Food waste must be correctly disposed of and brought to the dumpster. Garbage disposals are for small remnants left over from washing. Absolutely no rice, potatoes, lettuce, celery, grease, carrots, eggshells or other items that may cause the garbage disposal to malfunction should be placed in the sink or garbage disposal.

Damage to Room and Common Areas

Residents and/or their guests who accidentally or intentionally damage or vandalize any residential community property and/or property belonging to any member of the campus community will be required to make restitution for the costs of repairs and replacement of property. Additionally, student conduct and/or civil or criminal action may be pursued.

Electrical Safety & Appliances

Extension cords are not permitted. UL-approved grounded power strips with circuit breakers should be used for all electrical accessories. No modifications to, or changes in, electrical wiring are permitted.

Approved Appliances in Residence Halls

- Clothing iron
- Coffee makers
- Refrigerators smaller than 4.0 cubic feet and micro-fridges (microwave/refrigerator combination units).

Due to the health and safety issues inherent in high-density living environments, the following are prohibited in the residence halls:

- Hot plates
- Electric skillets or grills
- Toaster ovens,
- Halogen lights

- Sun lamps, hibachi's,
- Electric heaters,
- Rice cookers,
- Refrigerators larger than 4.0 cubic feet,
- Microwaves (other than the approved combination microwave/refrigerator),
- Any major appliances or devices deemed unsafe by Residence Life or Public Safety staff.

Possession of these items in a residential room, whether in use or not, constitutes a violation of this policy. Prohibited items will be confiscated, and students found in violation of the policy may be subject to fines of up to \$100 per item. Please refer to the Fire Safety policies for more information.

Small kitchen appliances are permitted in the common living areas of our Continuing living spaces, including Sandhu Residence Center Suites, Glass Apartments, Davis & Harris Apartments, Chapman Court, Chapman Grand, Panther Village Apartments, and The K.

Furniture

All furniture must remain in the room in which it was originally placed. Students will be charged the replacement costs of any furniture that is missing or damaged at the end of the year. Students may not trade furnishings with other students or move furniture to other University-owned residence halls, or apartments. The University will not provide additional furniture beyond the basic set-up in each residence hall room. Waterbeds are not permitted in the residence halls or apartments.

Health and Safety

Residents are responsible for maintaining a clean, safe and sanitary living area inside the residence hall rooms and apartments and the surrounding areas, including exterior areas, balconies, walkways, lawns, etc. The living area must be in a clean, orderly condition throughout the year and at the time of check-out. Students are responsible for the cleanliness of their residence, including the bathroom, throughout the year.

At least twice a year, the Residence Life staff will conduct Health and Safety Inspections with Facilities Management staff. Residents who are found to be in violation of university policies during these inspections may be subject to the student conduct process.

Potentially dangerous items found during Health and Safety Inspections will be confiscated without the option of being returned. In addition to fines and confiscation, some items may be destroyed, including but not limited to: drugs, drug paraphernalia, directional signs, weapons, alcoholic beverages, and candles.

Housing Selection

Housing selection is the process that allows current students to choose their housing assignment and roommates for the upcoming year. During the spring semester, the Residence Life and First Year Experience staff coordinates housing selection. Students must participate in housing selection to be eligible for a housing assignment for the next academic year. Residence Life and First Year Experience attempts to make this process fair and equitable for all involved. If a returning student fails to meet all deadlines in housing selection, the student may lose the opportunity to sign up for on-campus housing or will be assigned only after all new student applications have been processed. Students on a hold

with the Business Office may not be able to select during the main housing selection process until their hold has been cleared.

Improper Residence Entrance/Exit

Residents who improperly enter or exit gates, residence halls, lounges, offices, or their or others' rooms, or apartments by misusing keys, ID cards, or lockout codes will be subject to the student conduct process. Additionally, improperly entering or exiting a residence hall by misusing, breaking or removing windows, screens and/or doors will be subject to the student conduct process. Removal of a window screen may result in a fine of \$50.00, as well as the cost for other damages if appropriate. (Also see Lockouts.)

Keys

Residents are issued access to their assigned room, or apartment. Residents are not permitted to loan keys or Chapman ID cards to others, including other students, friends, or family members. If a student is granted temporary access to a residence hall space with a temporary keycard, the student must utilize the keycard only for their own entry to the space. The student must return the temporary key to Residence Life staff at the end of the student's temporary stay in the residence, as determined by Residence Life and First Year Experience. Keys, including mailbox keys, may not be duplicated. If a mailbox key has been damaged, duplicated or misplaced, there is a \$40 charge for re-keying the mailbox. Failing to turn in their key upon check-out will also result in a \$40 re-key charge.

Chapman student ID cards act as a key to gain access to residence hall rooms, gates, and laundry rooms. Residents who are locked out of their rooms should go to the Residential Support Desk (RSD). Residents who need to replace a missing ID card must purchase a replacement at the Service Desk located in the library. After every 5 lockouts, a student will be charged a \$25 fine. After 10 lockouts, the matter may result in a conduct violation. Cards can be reprogrammed for rooms at both the Service Desk and in designated hall offices.

Locks

Residents who tamper with the locking mechanism on their doors endanger their own safety and the safety of other residents. Residents found tampering with locking mechanisms will be subject to the student conduct process and restitution costs for damages. Residents cannot add/replace locks anywhere in their residence (this includes but is not limited to: doors, windows, closets, desks, etc.) that would prevent access or entry by University staff. In doing so, residents may be charged and subject to the student conduct process.

Lockouts

If residents are locked out, they must notify University officials to gain entrance to their room, or apartment. If it is between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday, residents can go to the main office of Residence Life and First Year Experience on the second floor of the Davis Community Center, or call (714) 997-6603. From 9:00 a.m. - midnight, the Residential Support Desk located in the basement of Henley Hall can also provide lockout assistance. If it is after hours, the resident should call the Resident Assistant on Duty for their building/area. After 5 lockouts, a student will be charged a \$25 fine. After 10 lockouts a report will be filed for Residential Life Staff to review for a conduct process.

Lofts/Lofting

For safety reasons and preservation of facilities, students are not permitted to use cinder blocks or other bed-raising mechanisms. For safety reasons including earthquake safety, students are prohibited from stacking furniture, such as dressers or beds. Students who wish to have individual beds bunked must follow proper protocol with Residence Life staff and Facilities Management by submitting a Room Configuration Request form. Students found in violation of the policy may be charged a fine of \$100 per item and subject to the student conduct process.

Lounge and Common Areas

Misuse, abuse, theft, or destruction of University property is not permitted. Violators of this policy are subject to conduct review, which may result in financial liability, assigned sanctions, and/or loss of housing privileges. If furniture or other University property is missing, students will be fined per item. In addition, actions of residents and/or their guests that require excessive cleaning and/or maintenance will not be tolerated. The resident(s) responsible will be held financially responsible for any damage they cause. Residents may not sleep overnight in University lounges or public areas unless it is in conjunction with a university-sponsored event and approved by the Resident Director or Area Coordinator of the building. Quiet hours and Courtesy hours still apply.

To reserve a lounge or common area, residents should email the Resident Director or Area Coordinator of the building. Residents who fail to reserve space in lounges and community areas may be asked to vacate. Priority is given to the group, club, organization, or individual that reserved the space. Groups, clubs, organizations, or individuals will also be held responsible for damage that occur during their use of the lounge or common area. Groups or individuals will be held personally and/or financially responsible for any necessary cleaning or trash removal in the case of excessive trash or debris left behind.

Mail and Packages

All residents are assigned an individual mailing address for the residential area. Residents will be notified via Chapman e-mail when packages or mail are ready for pick up. Residents who receive mail that does not belong to them or their mailbox partner should label it "Return to Sender" and either put it in the appropriate mislabeled mail slot or give it to the mail/package room staff.

Chapman Court, Chapman Grand, Davis Apartments, and Panther Village & The K

Mail and Packages will be delivered to your building. Residents will receive a mailbox key at check-in and should respect roommates' mail and packages that are delivered.

Henley, Pralle-Sodaro, Glass, Sandhu and Morlan halls and Harris Apartments

Mail and packages are delivered to either the Davis Community Center package room or the Sandhu Conference Center package room below the Randall Dining Commons.

Motorized and Non-Motorized Vehicles

Residents must register their bicycles with the Department of Public Safety. Bicycles may only be stored in bike racks outside the building, student rooms, and apartments. Bicycles cannot be stored in hallways or other public common areas. Residents must obtain approval from roommates before storing bicycles in shared rooms. *See also: Bicycle Operations and Parking listed in the Student Conduct Policies.*

Vehicles, including, but not limited to, bicycles, skateboards, scooters, or skates, may not be used in the interior of buildings, on balconies, ledges, or any areas which may cause injury or damage to facilities. No motorized vehicle (including e-bicycles, hoverboards, e-scooters, etc.) can be stored or brought into Chapman Housing facilities.

Plumbing

University residence hall rooms and apartments use low-flow toilets to conserve water. Toilet paper and bodily waste are the only flushable items. Students may not dispose of period products, paper towels, baby wipes, personal cleaning wipes, or any other items in the toilet. These items should be disposed of properly in the trash. Residents are encouraged to purchase their own plunger for use as needed. Residents are expected to learn how to shut off the water in the event of an overflow or first sign of a malfunctioning toilet. Signage and instructions will be placed in every room and training will be provided by residential life staff. Residents should also contact Residential Life Staff immediately if they suspect any plumbing in their room or apartment is malfunctioning. Residents will be held financially accountable for any damage to their room or the building if they misuse a toilet or other plumbing, either negligently or maliciously.

Quiet/Courtesy Hours

Residents are expected to always be considerate and courteous to others. Sound levels need to be such that noise is confined to the individual's residence. Courtesy hours are in effect 24 hours a day, seven days a week. This includes holidays, summer sessions, Interterm, weekends, and any period when classes are not in session. The right to study and sleep always supersedes the privilege to entertain oneself or others.

Quiet Hours:

- **Sunday – Thursday** from 10:00 p.m. to 10:00 a.m.
- **Friday – Saturday** from 12:00 a.m. to 10:00 a.m.

Starting Friday at 8:00 p.m. before finals week of each semester, including Interterm, there are 24-hour quiet hours in the residence areas. Quiet hours may be extended if necessary for university-sponsored events.

Use of musical instruments may be restricted if it violates quiet or courtesy hours. Any musical practices may be restricted if they become disruptive to other residents or staff. There are designated practice rooms that can be accessed by going to the Residential Support Desk in the Henley basement.

Residents will be held responsible for causing car alarms, repeated car horns, or for failing to promptly turn off their car alarms, especially if the alarms violate quiet/courtesy hours. Cars may be towed for violating this policy.

Room Alterations

Poster and decoration may be attached only to the interior walls and only with materials that will not cause any permanent damage. Nothing can be attached to or hung from the ceiling. This includes tapestries, decorative lamps, posters, or streamers. Permanent alterations, such as painting the room or installing equipment, is prohibited. Holiday decorations inside the rooms are permitted only if they are safe and do not present a fire hazard. Cut/live trees and foliage are prohibited (Please see the

Residence License Agreement and the Fire Safety and Equipment policy in the Student Conduct Code). White sticky tack and removable adhesive hanging strips are the only approved form of adhesive for hanging items to a wall. The use of push pins, nails and screws are prohibited. Any wall or paint damage created from hanging decorations on a wall, regardless of the method of hanging, may be cause for a charge upon check-out.

Room/Apartment/House Assignment Change Requests

Residents who are not satisfied with their current living situation may initiate a request to change their housing assignment. Requests may be made by contacting their Resident Director or Area Coordinator. Requests are considered based on the availability of unassigned spaces in housing. Any student who moves into a new room assignment without written approval from Residence Life and First Year Experience staff may be moved back to their original assignment, may be required to pay an Improper Check-In fee (\$65), and may be subject to conduct review.

Students who are approved to change housing assignments will be financially responsible for the possible change in rate of their new housing assignment based on building and number of residents occupying the room assignment. Residents may not request that their roommate be moved.

Room/Apartment/House Entrance and Search

University officials including the Residence Life and First Year Experience staff, Public Safety, and Facilities Management staff members must respect students' rights to privacy. The staff members working in Residence Life and First Year experience, Public Safety, and Facilities Management will not admit anyone into a residence hall room, or apartment who is not assigned to the space. If an individual's belongings are locked in another resident's room, or apartment, staff will not open the door. University officials do, however, reserve the right to enter a student room, or apartment for reasons of safety, sanitation, emergency, or to ensure compliance with University and Residence Life policies. In addition, a Room Entrance and Search may occur under the following conditions:

1. When the resident of a room submits a work request, the request grants Facilities staff members permission to enter the student's residence without prior notice in order to investigate and complete the work, even if the student is not present.
2. If there is a concern that a resident's health and/or safety is in jeopardy, Residence Life and First Year Experience staff or Public Safety staff will enter a room without prior notice, depending on the urgency of the situation.
3. Health and Safety inspections will occur at least twice a year by the Residence Life and First Year Experience staff in partnership with Facilities Management. Room entrance is necessary to perform these inspections. Residents do not need to be present for these inspections and may not interfere with the inspection schedule.
4. While engaged in the performance of duties within the residence hall community, Chapman University officials (Public Safety officers and Residence Life staff) have occasion to come upon situations that require the search of a residence. These encounters are based on the premise of "Cause" (Reasonable Suspicion). Reasonable suspicion consists of:
 1. Personal observation of alleged policy violations or illegal activity.
 2. Reasonable suspicion to believe that a policy violation or something illegal is taking place (this can be based on sight, smell, statements or sounds).

Searches based on reasonable suspicion may require looking into areas of concealment (e.g. refrigerators, closets, drawers, etc.). This is based on seeking out additional policy violations that the officials believe are present based on circumstances at that time.

As a general rule, campus officials will try to obtain the consent of the resident(s) involved when conducting a search. However, this is not required, and at times searches will be conducted without the permission of the resident(s).

When University officials are conducting room searches, a Residence Life Staff member (Resident Advisor, Resident Director, Area Coordinator, Assistant Director, etc.) will be present whenever possible.

Social Gathering Policy

Residence Life and First Year Experience encourages students to socialize and invite guests to their residence, as long as it does not disrupt the community and/or involve any policy violations. For safety of our residents we have placed a maximum capacity for their spaces:

Residence Halls

Students in the residence halls, this includes Henley, Morlan, Pralle-Sodaro, Sandhu, and Glass, may not have more than six (6) guests or other students in their room.

Apartments

Residents of the apartments, Sandhu suites, and The K suites may not have more than ten (10) guests or other students in their apartment.

These limits will be used when staff members are called to respond to a social gathering. Any person, including a current student, who is not assigned to a residence hall room but is in the building or room for the purpose of visiting students who are assigned to the room is considered the guest of the student being visited. All guests who are not enrolled Chapman University students must be registered [online](#).

Any social gathering that violates this policy will be dispersed immediately by Residence Life staff and First Year Experience and/or Public Safety officers and will result in conduct review. When a social gathering is dispersed, all guests or other students must immediately leave the residence. The resident host, their guests, and other students present are required to cooperate with the staff and assist with the immediate dispersing of the social gathering. Any resistance, verbal or physical, toward University officials, may result in loss of housing privileges, sanctions, and/or arrest by law enforcement.

Furthermore, all social gatherings must comply with the policies listed in the Student Conduct Code and other University policies, including, but not limited to, Identification, Quiet Hours, Illegal Controlled Substances, and Alcoholic Beverages policies. University staff will respond to any social gathering of two or more students or guests anywhere in the residential areas that may be violating a university policy, and the gathering will be dispersed immediately.

Solicitation

No door-to-door solicitation for ticket sales, cash donations (including non-profit organizations), drawings, raffles, magazines, newspapers, candy, food or any other money exchanges will be permitted in University residence halls or apartments. If solicitors approach a resident's door, residents should call Public Safety at (714) 997-6763.

Water Use

Car washing is not permitted in Residence Life parking lots. Hoses and Slip-n-Slides are not permitted in the areas in and around University residence halls and apartments. Please be aware that squirt guns violate the [Weapons, Explosives, and Hazardous Materials](#).

Appendix 5: Alcohol and Substance Abuse Policy

To comply with the Drug-Free Schools and Communities Act of 1989 (DFSCA) and subsequent amendments, students and employees of Chapman University are informed that strictly enforced policies are in place which prohibit the possession, use or distribution of any illicit drugs, including alcohol, on Chapman University property or as part of any Chapman University-sponsored activity unless event-specific permission is given for of-age students to consume alcohol moderately. Students are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on Chapman University property or at Chapman University-sponsored activities.

Chapman University affirms that illegal drug use is unlawful and harmful. The use of illegal drugs and alcohol abuse by students and employees could result in cognitive deficits, loss of productivity, and other health risks. These risks include an increased risk of accidents, which may result in death or permanent injury. Free, confidential counseling for alcohol and other drug abuse issues is available to students and employees through the Chapman University Counseling Services, Health Services, and the employee assistance program. Other resources may include assessment, individual counseling, educational programs, materials, and referral and case management through community agencies, all of which might include a fee.

Alcohol Policy

The following sections describe Chapman University policy regarding the sale, service, distribution, and consumption of alcoholic beverages on university property or at Chapman University-sponsored events in accordance with federal, state, and local laws.

Basic Guidelines

Students who are 21 years of age or older are permitted to possess and consume alcohol in designated university housing rooms. Students who are of legal drinking age may not share or provide alcohol to any students, employees or guests who are under 21 years of age. Those under the minimum legal drinking age of 21 years are not permitted to possess or consume alcohol anywhere on university property or at university-sponsored events. Violations of this policy include:

- The sale, possession, use, consumption, production, purchase, or provision of alcoholic beverages to or by any person under the age of 21.
- Requiring medical attention and/or engaging in disorderly or disruptive conduct due to intoxication causing University officials to respond, even if the subject is over the age of 21.
- Consuming alcohol in a University residence when an individual under the age of 21 is present in the same setting.
- Being under the age of 21 and knowingly in the presence of alcohol in a University residence hall space, regardless of the amount of time spent in that residence hall space.
- Possessing kegs, common source containers or devices designed for the rapid consumption of alcohol (e.g., beer bongs, funnels.); engaging in behavior (e.g., games like beer pong, flip cup) that promotes the rapid or excessive consumption of alcohol.
- Providing alcohol with the intent of taking advantage of another.
- Hosting events with alcohol on campus must be coordinated with Chapman's food service provider (currently Sodexo), as required by the [Facility Use and Event Policy](#).

Illegal/Controlled Substance Policy

The following sections describe Chapman University's policy regarding the sale, manufacture, distribution, possession and use of illegal/controlled substances on or off Chapman University property or at Chapman University-sponsored events or programs in accordance with federal, state and local laws. Violations of this policy include:

- Use, possession, sale, distribution and/or production of narcotic or other controlled substances (including marijuana), or acting as an accessory, liaison, or facilitator for any of the above, except as expressly permitted by law.
- Requiring medical attention and/or engaging in disorderly or disruptive conduct due to substance use causing University officials to respond, even if the subject legally consumed the substance. *See Appendix 6 for the Medical Amnesty Policy.*
- The possession or use of marijuana, even with a medical recommendation or medical license, is prohibited on University property in compliance with federal law. Any drugs and/or paraphernalia found to be in a student's possession, University residence, vehicle, or assigned area will be considered to be in the possession of the student whether or not the student is the individual who purchased or furnished the drugs, paraphernalia, or handmade drug use device. Paraphernalia may be confiscated by University staff and returned at a later date, unless required by law to be retained.
- Being in the presence of and having knowledge of an illegal substance in a University residence regardless of the amount of time spent in that residence.
- Illegal or improper use of prescription or over-the-counter medicines, even where lawfully prescribed. All prescription medicines must be kept in their original bottle and must have the prescription from the doctor noted on the bottle. Prescription medicines found without their prescription attached will be confiscated until such time that the prescription can be produced. All prescription medications must be prescribed to the person in possession of the medication.
- Possession of drug paraphernalia (i.e., rolling papers, pipes, bongs, etc.) for intended or implied use of any form of illegal substance) regardless of whether it is purchased or handmade, even as props for filming.
- Possessing paraphernalia that contains or appears to contain any form of an illegal substance.
- Use of a legal substance in an improper manner (e.g. ingesting a cleaning chemical, inhaling other chemical substances for the purpose of intoxication).
- Providing drugs with the intent of taking advantage of another.
- Using mail services to purchase, pass, or distribute illegal substances

The possession or use of marijuana, even with a medical recommendation or when the student is 21 years of age or older, is prohibited on University property.

Any drugs and/or paraphernalia found to be in a student's possession, residence, vehicle, or assigned area will be considered to be in possession of the student regardless of whether the student is the individual is the person who purchased or furnished the drugs or paraphernalia.

Students must be able to provide a prescription (such as a bottle or a written prescription from a doctor) for prescribed medications. Prescription medicines found without their prescription will be confiscated until such a time that a prescription can be produced.

This policy provides flexibility for the University in addressing drug-related offenses which occur on- or off-campus. Moreover, it permits the University to address its fundamental mission of holistic education

and the development of human potential. While recognizing that there is a need to address violations related to the use or possession of controlled substances, the University must address the education and well-being of all its students and employees. In addition to Chapman University imposed sanctions, students and employees are subject to all legal sanctions under federal, state, and local law for any offenses involving illegal drugs on Chapman University property or at Chapman University activities.

Safe Harbor

The University has a Safe Harbor rule for students. The University believes that students who have a drug and/or alcohol addiction problem deserve help. If any Chapman University student brings their own use, addiction or dependency to the attention of Chapman University officials outside the threat of drug tests or imposition of the conduct process and seeks assistance, a conduct complaint will not be pursued. A written action plan may be used to track cooperation with the Safe Harbor program by the student. Failure to follow the action plan will nullify the Safe Harbor protection and the campus conduct process will be initiated.

Information Regarding the Impact of Alcohol and Other Drug Use

Information regarding the health risks of alcohol and drug use can be found in [the University's annual policy notification](#).

Appendix 6: Good Samaritan and Amnesty Policies

Chapman University cares about the safety and welfare of each member of its community. At times, community members may need assistance. Sometimes students are hesitant to call assistance for fear that the student needing assistance or themselves may be charged with university policy violations. Chapman University hopes to remove this fear by clarifying the policies to encourage students to report sexual misconduct and to seek assistance for themselves or others who need help.

The Good Samaritan policy applies to students seeking help on behalf of other students, and the medical amnesty policy applies to the person(s) in need of medical attention. The sexual misconduct amnesty policy applies to both any witnesses and the complainant in an incident.

These policies only apply to violations of the Code. All other matters (such as employment, athletic eligibility/participation, leadership or volunteer positions and similar circumstances) may be addressed separately as appropriate by University personnel. This policy does not prevent action by police or other legal authorities. See also [the Student Policy on Sexual Harassment Prohibited by Title IX](#) and/or [Policy Prohibiting Discrimination and Harassment](#).

Good Samaritan Policy

The Good Samaritan policy allows the University to eliminate conduct consequences as articulated in the Student Conduct Code for students, who may be under the influence of alcohol or other substances, who make a good faith call for medical or other help on behalf of another student (See also Sexual Misconduct Policy). This policy applies in situations involving alcohol, other drugs, interpersonal violence, and other situations considered dangerous by a reasonable individual. This means that no formal university conduct actions or sanctions will be assigned to the reporting student(s) for minor violations relating to the incident. The incident will still be documented and educational interventions may be required as an alternative to conduct action. This policy does not protect against repeated or serious violations of the Code such as, but not limited to, abusive behavior, failure to comply, interpersonal violence, and distribution of alcohol and/or other drugs, hazing, theft, property damage, etc.

Medical Amnesty Policy

The medical amnesty policy is a reduction in the conduct consequences for students who receive medical attention due to alcohol intoxication, alcohol poisoning, or other drug intoxication. Students who receive medical attention for alcohol and other drug intoxication will be required to complete educational interventions. This means that no formal university conduct actions or sanctions will be assigned to the student, unless the student fails to complete the assigned educational interventions. This policy shall only apply to a student's first alcohol/drug policy violation that requires medical attention, regardless of how the response was initiated. Additionally, this policy does not protect against serious violations of the Code such as, but not limited to, abusive behavior, failure to comply, interpersonal violence, and distribution of alcohol and/or other drugs, hazing, theft, property damage, etc.

Sexual Misconduct Amnesty Policy

To encourage and support the reporting of incidents and participation in investigations under the Student Policy on Sexual Harassment Prohibited by Title IX and/or the [Policy Prohibiting Discrimination and Harassment](#), students who participate in investigations under this policy will not be held accountable for violations of the Student Conduct Code that may have occurred at the time of or as a result of the incident in question (for example, being under the influence of alcohol or other drugs), unless the University determines that the violation was egregious. Egregious violations include, but are not limited to, actions that place the health or safety of another other person at risk or that involve academic dishonesty.
