

*A Minor in Art is designed for Film Majors seeking exposure to art as an integral part of their liberal arts degree. The program allows students to explore the practice, history and theory of the studio arts.*

This Minor is available to all students at Chapman University with departmental approval. Students applying for this Minor must provide 5-8 examples of their artwork they have completed and take at least one studio art course at Chapman and submit final grade. The art faculty will review the application and notify the student of their decision. The Minor has enough flexibility to allow students either to experience a wide range of media and disciplines or to concentrate their study on one.
